*The grapes forming the base of this blend come from vineyards that have been cultivated in an environmentally-friendly manner.*

*The label for integrated winemaking, which sets guidelines which must be respected, guarantees a healthy production, essential for good vinification.*

*Vinification without malolactic fermentation gives the wine a fruity, aromatic character with a long length on the palate and tiny consistent bubbles; characteristic of high quality champagne.*

*This wine has received the gold medal in wine competition of the Foire de Paris in 2012.*
